your ghost kitchen a reality.

## INCUBATOR & POP-UP KITCHENS

Create unique workflows to minimize pressure of online orders (and deliveries) and/or increase ability to test new virtual concepts. Ideal for existing restaurants that need:

- Dedicated space to fulfill online orders
- New revenue streams
- Structured way to test a food concept

Solutions To Go™ from Kitchens To Go® are smaller footprint, customized, and relocatable.

## FLEXIBLE FOODSERVICE FACILITIES

For over 40 years, foodservice operators have trusted Kitchens To Go® (KTG) to provide comprehensive mobile, modular and containerized commercial kitchens for lease or purchase. Whether for concept creation or expansion, KTG's product line represents the most robust and innovative solutions on the market.

KTG specializes in the creation of customized foodservice facility solutions requiring mechanical, electrical and plumbing (MEP) intensive applications, allowing for not only kitchens, but also supporting facilities such as warewashing, cold storage and restrooms.

### COMMISSARY KITCHENS

A centralized kitchen facility can more effectively support multiple foodservice concepts through the consolidation of staffing, multi-use cooking equipment and shared utilities. Support your commissary or delivery-only program with mobile kitchens that can be equipped with technology to capture analytics.

### KITCHEN PODS

Containers outfitted with kitchens are easy to move and can be equipped with state-of-the-art equipment, including the newest in ventless technology, to support your unique menu. Integrate walk-up pass thru windows or a locker system for contactless order pickup.

Establishing factory-built permanent or relocatable kitchens allow you to get closer than ever to your customers. Right-fit your operation to the available footprint or location by building a ghost kitchen from scratch with the support of Kitchens To Go.
