

# JOHN POLK CORRECTIONAL

Seminole County Jail

**KITCHENS TO GO**<sup>®</sup>  
by mobile modular

We Keep You Cooking!™

## CLIENT

John E Polk  
Correctional Facility

## THE NEED

To renovate the main kitchen,  
which was located in the  
basement of the facility.

## THE SOLUTION

A flexible temporary kitchen  
complex to include Cook,  
Wash, and Prep modules along  
with a cooler, freezer, dry  
storage and a bathroom.

## PROJECT INFORMATION

The John E Polk Correctional Facility needed to renovate their kitchen, which was located in the basement. Because of security restrictions, phasing the work was not an option. Kitchen To Go's temporary kitchen complex included cook, wash, and prep modules along with a cooler, freezer, dry storage, and a bathroom. The design of the kitchen complex allowed it to be placed in unique area that, when completed, the interim facility was completely enclosed and secured.
