

ENHANCING HOSPITALITY SERVICES

The Peninsula Hotel's Innovative Kitchen Solution

KITCHENS TO GO®
by mobile modular

We Keep You Cooking!™

CLIENT

Le Petit Belvedere Restaurant, located within the Peninsula Beverly Hills Hotel.

THE NEED

To maintain 5-star foodservice to patrons during scheduled main kitchen renovations.

THE SOLUTION

KTG provided three mobile semi trailers, with customized cookline equipment to mirror the restaurant's kitchen.

PROJECT INFORMATION

Le Petit Belvedere Restaurant, a staple of Southern California fine dining, approached Kitchens To Go for support during their 3-month facility renovation project. Located within the famed Peninsula Beverly Hills, and functioning as its sole foodservice production space, The Belvedere needed to find a way to continue service to the three other fine dining outlets located throughout the hotel complex.

To support their 5-star menus, which contained in excess of 500 items, Kitchens To Go designed a customized solution to mirror The Belvedere's kitchen inside three trailers that would line up outside the hotel along busy S. Lasky Drive in the heart of Beverly Hills. These facilities fully ensured continuity of service with no interruption during the extent of the renovation.
